

# LIFTER Stature

# JOMOR HEALTHCARE

*Quality - Value - Design*

## Outstanding all-round performer

The 'Stature' patient lift, Jomor's flagship product, recognises the true needs of the modern care environment. With a massive safe working load of 227kgs/500lbs/36st and one of the largest lifting ranges available (min 390mm max 1550mm), the Stature is able to cope with even the most demanding and technical of patient handling situations.

**Interchangeable spreader bar:** Like all Jomor Pro passive lifting products, you have the option to choose whichever cradle or spreader bar configuration best suits the needs of the care environment and patient alike. With a wide selection of slings and attachments available, you can be sure to get the right combination each and every time.

**Sling safety:** With the unique 'Securi3' sling attachment system you can be assured that patient safety is not compromised.

The Stature's incredible lifting range enables it to cope easily with the most critical of daily tasks:

- Chair to chair transfers
- Bed to chair transfers
- Floor to chair transfers
- Chair to bath tub transfers
