

# LIFTER Advance

**JOMOR**  
HEALTHCARE  
*Quality - Value - Design*

A compact product that gets you closer

The Advance's unique 'swan neck' leg design allows the hoist to get even closer to the widest of obstacles. This is especially useful when encountering large chairs, bulky commodes and wheelchairs.

Unlike other products on the market the Advance needs no tools or special attachments to achieve its compact folded position. This functionality gives active users the option to travel outside the confines of their own home. Truly bringing a new dimension to mobile patient handling equipment.
