SALSA 200

SALSA 200: Designed as an active standing aid allowing a single carer to raise a patient into a comfortable secure standing position.

The Salsa 200 is ideal for transferring from bed to chair, or chair to commode. Allegro Concepts standing slings are manufactured to suit the Salsa, allowing superior access for dressing and personal hygiene.

With a small footprint and low overall weight, the Salsa 200 is highly maneuverable. A high capacity safe working load of 200kg means the Salsa is equally at home in an institutional or home environment.

Multiple Grip Positions

Adjustable Kneepad

Removable Footplate

Tempo Handle Kit

Custom Sitting Sling

Knob Kit for Custom Sitting Sling
